BEST PRACTICES

BRIDGE COURSE

Title: Bridge Course on Communicative Skills

Student teachers need to be taught basic communicative skills in both Tamil and English because it is the need of the hour. So our college organizes this course which aims at giving confidence to students to communicate fluently in English and Tamil. Every year Bridge course has been conducted for the betterment of student's life. Pre-test and Post-test in spoken and written for the Tamil and English language was conducted. In the post test students showed significant improvement in Tamil and English spoken and written.

COMPUTER COURSE

Title: Online Certificate Course on Innovative Teaching and Learning Tools (ITLT)

Computer skills are an essential part of the modern era and they are beneficial in various fields for various purposes. From education to the technical sector, libraries to railways, all the organizations have computers to serve the essential needs and goals. So our college organizes computer course every year for the betterment of students. Every year computer course has been conducted for the student teachers to identify the digital divide among student teachers. The faculties gave a clear idea about digital learning. Prospective teachers have gained technological knowledge.
